

32-pound, wide mouth growler

Features and benefits

Endless brewing possibilities

Over the last four decades, Briess has provided brewers and homebrewers with Concentrated Brewers Worts (CBW®) for convenient, easy-to-use solutions in their creative brewing process. To provide our customers with more brewing possibilities, Briess is now offering 32-pound, wide mouth growlers as a packing option. This versatile size gives brewers and homebrewers the option to use as much extract as they need when they need it.

The 54-mm wide mouth gives users an easy pour experience. It is enclosed with an airtight 63-mm twist-on/twist-off cap and a foil induction seal, preserving freshness and meeting all food safety standards.

Growlers are individually boxed and include durable handles on two sides for easy, convenient stacking and handling.

Benefits of 32-pound growlers

- **32 pounds** of malt extracts gives you the option to use as much extract as you need when you need it.
 - Use the amount you want for creative brewing, small gravity adjustments, minor flavor or color adjustments, and yeast propagation.
- **Wide mouth** – Increased mouth size gives users an easy pour experience. The growler’s mouth measures 54-mm in diameter.
- **Reusable** – Once you’ve emptied your growler, reuse it for things such as grain storage or any other purpose you can think of.
- **Sturdy** for carrying and pouring – Suitable for use with liquids up to 190°F as well as in freezer applications.
- **Food-grade** – Durable 100% prime virgin high-density polyethylene (HDPE) construction complies with FDA food-grade regulations.
- **Recyclable** as a #2 plastic.

32-pound growlers are individually boxed for easy stacking and storage.

Available Varieties

You’ll have no shortage of extract options to brew with. Eight varieties of liquid malt extract are available in the growler:

- | | |
|-------------------------|-------|
| • CBW® Bavarian Wheat | #5901 |
| • CBW® Golden Light | #5864 |
| • CBW® Goldpils® Vienna | #7378 |
| • CBW® Munich | #6468 |
| • CBW® Pilsen Light | #5854 |
| • CBW® Sparking Amber | #5888 |
| • CBW® Traditional Dark | #5877 |
| • CBW® Pale Ale | #7379 |

- Box dimensions:** 7.5" wide x 20.25" height
- Pallet size:** 72 growlers and boxes (3 Slip Sheets)
- Pallet net weight:** 2304 lbs.
- Pallet gross weight:** 2503 lbs.

Note: Images not to scale

Reduce. Reuse. Recycle.

To reduce our environmental footprint, we locally sourced the new growler containers from Fulcrum Containers, LLC in St. Paul, MN. Fulcrum is committed to providing responsible solutions by recycling their scrap and corrugated packaging materials and using post-consumer recycled (PCR) material when possible and internally generated clean plastic regrind in their production process. The 32-pound growler is a High Density Polyethylene recyclable #2 plastic.

Once you are finished with your growler, remember you can always reuse it for other purposes. Always be sure to properly clean your growler after use with a low foam, non-oil based detergent in warm/hot water and thoroughly scrub with a carboy brush. If you do not intend to reuse your growler, be sure to recycle it.

Alternative Packaging Options

Whether you need small quantities for yeast propagation or large amounts for extract brewing, Briess malt extracts and syrups come packaged in a variety of sizes to fit your needs:

- 3.3-pound canister
- 32-pound growler
- 5-gallon pail (60 lbs.)
- 15-gallon carboy (180 lbs.)
- 55-gallon drum (650 lbs.)
- 3,000-pound liquid tote
