This typical analysis is not to be construed as product specification. Typical analysis represents average values, not to be considered as guarantees, expressed or implied, nor as a condition of sale. The data listed under typical analysis are subject to the standard analytical deviations. The product information contained herein is correct, to the best of our knowledge. As the statements are intended only as a source of information, no statement is to be construed as violating any patent or copyright.

TYPICAL ANALYSIS
Moisture ................................................................. 5.5%
Color ................................................................. 430 SRM

ITEM NUMBER
5444 ........................................ Whole Kernel, 50-pound bag
5671 ......................................................... Preground, 50-pound bag

CERTIFICATION
Kosher: UMK Pareve

STORAGE AND SHELF LIFE
Store in a temperate, low humidity, pest free environment at temperatures of <90 °F. Improperly stored malts are prone to loss of freshness and flavor. Whole kernel roasted malts may begin experiencing a slight flavor loss after 18 months from date of manufacture.

APPLICATIONS
Use in all styles for color adjustment

MALT STYLE
Chocolate Malt

SENSORY CHARACTERISTICS
Color ................................................................. Brown hues
Flavor .............................................................. Rich smooth coffee

SUGGESTED USAGE RATES
1-10% Porters, Stouts, Brown Ales, Dunkel and other dark beers

AVERAGE SENSORY PROFILE*

*The average sensory profile shows the intensity of flavors and aromas perceived in a Hot Steep wort by the Briess Malt Sensory Panel. Usage will influence how these flavors are perceived in the final beer.

CHARACTERISTICS
- The chocolate flavor is complementary when used in higher percentages in Porters, Stouts, Brown Ales, Dunkels and other dark beers.
